EXPERIENCE

CARNEGIE MELLON UNIVERSITY | UX Designer

Pittsburgh, PA | Sep 2016 - Current

- Redesign an NSF-funded website to create a novel learning resource for citizen scientists and entomologists.
- Identify design opportunity space from cognitive task analysis and usability testing on the existing prototype.
- Explore new design concepts and create prototypes to enhance content structure, presentation, and interaction.

LACHA | Design Lead

Pittsburgh, PA | April 2016 - Current

- Collaborating with an interdisciplinary team to develop a language learning application for children with autism.
- Partner with language pathologists and autism specialists to create accessible design.

ARTICULAB, SCIPR PROJECT | Research Assistant

Pittsburgh, PA | May 2016 - July 2016

- Conducted observations in schools and informal learning environments to identify key behaviors and develop concepts for the virtual peer design.
- Worked with researchers to conduct interviews, contextual inquiries, and create affinity diagrams.

SATYA SPECIAL SCHOOL | Full-time Teaching Assistant

Pondicherry, India | January 2014 - March 2014

- Taught over 40 middle and high school students with disabilities.
